# Crime: Things we see at USA

- ✓ **Theft of Personal Items:** Phones, laptops, tablets, textbooks, and other valuables—often left in unlocked vehicles or unattended areas.
- ✓ **Unattended Property:** Items left in locations such as the Library, Rec Center, Classrooms, or Dining Hall are frequent targets.
- ✓ **Reminder:** Always lock your car and secure your room.
- ✓ **Drug & Alcohol Involvement:** Frequently a contributing factor in crimes involving individuals.
- ✓ **Traffic Safety Concerns:** Distracted pedestrians and drivers are a leading cause of traffic-related incidents on campus.

Safety Map

SafeWalk

#### Request help in an emergency

Quickly access emergency numbers. Safety officials can leverage location-data in an emergency, allowing for faster response times.

#### Help ensure you and friends get home safely

Virtually walk contacts to their intended destination and know when they have arrived or request a police escort.

#### Tab navigation: Home

Keeps University of South Alabama-related functionality in one place within the app.

#### Tab navigation: SafeWalk and Notifications

Makes it easier to quickly start a peer-to-peer SafeWalk and access broadcast messages.

# Parking Services: The Essentials

- ALL vehicles parked on campus **MUST** have a valid/current Parking Permit Displayed
- For students, tuition and fees include parking privilege; however, still must register vehicle & order permit online

# Parking Services: The Essentials

- The multi-zone parking system at South was implemented to ease congestion and improve safety.
- Previously, open parking led to gridlock, spot hunting, and hazards for pedestrians and cyclists.
- Parking Zones distribute parking more evenly among students, faculty, and staff.
- The system ensures each group has access to designated lots based on their needs.

# Students Cannot drive to class

- While convenient parking at every stop is ideal, it's not practical or sustainable.
- Once parked in your designated zone, consider these option:
  - Walking: Most academic buildings are within a 10-15 minute walk.
  - Biking: Bike racks are available near most buildings.
  - JagTran Shuttle: Free shuttle service with stops across campus.
- This multimodal approach enhances safety, eases congestion, and supports sustainability
